

# Seven-times CEO Loves Me Novel

## Chapter 41 To 45

---

### C41 Don't be so close to me

Don't get so close to me

And this was precisely what Tang Qi Shan was worried about.

As Tang Bao was playing mobile games with Wan Mi Lai in the classroom, Wan Mi Lai suddenly nudged her arm.

"What?"

He was poked again. Tang Bao could only raise his head and look out the window at the figure standing outside.

She was stunned.

He put down his cell phone and walked out of the classroom.

"Why are you here?"

"Go out and have a meal." Tang Qi Shan said calmly, showing nothing.

But the more it was like this, the more Tang Bao was unsure.

"Did I do something wrong?"

"What did you do wrong?"

"Nope." Tang Bao shook her head.

Then Tang Bao went to eat with her father at noon with all kinds of thoughts running through her mind.

After ordering the dishes and starting eating, everything was normal.

Tang Bao thought, what was this situation? This was the first time after entering university that he came over to have dinner with her.

Could it be that he was in a bad mood?

"That father..." Are you going to divorce Zhou Xiang Ting? "

After Tang Bao finished asking this question, she received a cold glance from Tang Qi Shan.

Tang Bao did not ask anymore as she lowered her head to eat.

"You really don't like them in the Tang Family?" Tang Qi Shan asked.

"Don't I like being useful? It's been so many years since you came to ask, don't you think it's fake? " Tang Bao was complaining in her heart.

"Is it because of them that you're so rebellious?" Tang Qi Shan asked.

Tang Bao didn't feel that she was a traitor. Even if there was just a little bit of it, it was still a path that everyone had to walk through to grow up.

Furthermore, if Tang Qi Shan was even a little more concerned about her, would she be able to be like this?

Tang Qi Shan's heart was focused on the mother and daughter pair.

Tang Bao thought that Tang Qi Shan saying that she was rebellious referred

to what she had done in the past, but in the end, that was not the case.

"If you want to rebel, you have to have a plan. Why are you messing with people like Di Hao Tian?" Tang Qi Shan got to the point.

Tang Bao paused for a while: "What did you say?"

"Do you think you don't know anything just because I don't care? Stay far away from Di Hao Tian, don't have anything to do with him. " Tang Qi Shan said sternly.

Tang Bao could tell that her father did not know that she was married to Di Hao Tian, which was why she said that.

Otherwise, wouldn't it be asking her to get a divorce?

"Are you here as a lobbyist for Zhou Xiang Ting and her daughter?"

"As what lobbyist?"

"Isn't it? Aren't you afraid that if I get too close with Di Hao Tian, it will affect his happy life of marrying Di Hao Tian? "

"What does it have to do with her?" Tang Qi Shan's face did not look good.

"Then tell me, why don't you allow me to walk with Di Hao Tian? Many of the men that the women of Di Hao Tian want to get close to, no matter if it's power or appearance, are impeccable. Why am I so far away from him? "

"Are you able to control Di Hao Tian? Ambitious and capable, what do you have? " Tang Qi Shan asked sternly. You're only twenty years old, and don't know anything. In the end, you won't even make it in time to cry! "

He seemed to care about that.

But Tang Bao did not hear a single word of it.

The reason why she said all these was still Zhou Xiang Ting and her daughter.

That day in the hall, Tang Qi Shan did not make Tang Ru Yi give up on the idea of marrying Di Hao Tian, but now he was trying to advise her otherwise.

This feeling was really strange.

Was it for the sake of Zhou Xiang Ting and her daughter that he didn't mind sacrificing his own daughter?

Tang Bao calmed the bitterness in her heart and asked: "Father, do you still remember the qipao your mother wore when she married you? I don't suppose you remember anything? I know that as time passes, you will also forget her daughter. Eat slowly, I'm going back to school."

"Stop right there!" Tang Qi Shan was furious.

Tang Bao acted as if she did not hear her, and ran off.

After running for a long distance, he realized that he was heading in the wrong direction. It was the opposite of the school.

Exhausted, she sat down in the corner.

The bitterness in his heart rushed into his eyes and gathered into tears.

Tang Bao did not want to be discovered by others as she wiped away her tears.

However, she had still neglected her endurance. Her tears fell down one by one, not giving her the time to wipe them away.

She simply stopped wiping and buried her face in her knees.

She would rather have her and her father as the only ones at home, living a single family life than have a mother and daughter like Zhou Xiang Ting.

Why did such a malicious woman insist on letting her stay in the Tang Family?

Tang Bao cried for a while, and felt that something was amiss.

Raising his head, he saw Gu Lin Shen looking down at her from up above. Her eyes were serene and cold, the corners of her face extremely intimidating, and he felt as if the sunlight had turned cold.

"Very sad." An indifferent tone.

Tang Bao hurriedly lowered her head to wipe her tears, then stood up. Her eyes, however, were still red.

"What a coincidence, I bumped into you here." Tang Bao laughed.

"Your smile is so ugly, so why don't you stop laughing?" When Gu Lin Shen said this, his face was filled with the usual coldness and gentleness.

Tang Bao immediately retracted the smile on her face.

I didn't let you see it, he thought.

Sure enough, Di Hao Tian was not easy to deal with, and his friends were the same.

There was no mistake about it.

Gu Lin Shen slowly approached Tang Bao, causing him to retreat until her back touched the wall.

"What are you doing?" Tang Bao panicked.

Gu Lin Shen stared at Tang Bao's face from such close proximity that she could clearly smell her opponent's breath.

What was he trying to do?

Gu Lin Shen and Di Hao Tian were friends, they would definitely not do anything bad, right?

"This face really does look like it." Gu Lin Shen's line of sight insolently traced Tang Bao's face.

Tang Bao did not understand. "Like what?"

Gu Lin Shen did not speak again, and only stared at her silently.

Tang Bao did not like being stared at like that, and said: "Friends and wives are not to be bullied, have you not heard of this before?"

"Did I bully you?" Gu Lin Shen asked calmly, even the Qi he breathed out was faintly cold.

"Then don't be so close to me!"

Tang Bao thought that if he gave her a brick, she would knock him out.

Just as he was thinking that, the corner of Gu Lin Shen's mouth suddenly curled into a faint smile.

Then, Gu Lin Shen turned around and left.

The car stopped at the side of the road, and the men opened the door and got in.

Leaving just like that.

Tang Bao was completely confused by this interlude.

What's wrong?

Someone who was on par with Di Hao Tian.

After asking for a few days without any progress towards Tang Qi Shan, he said that he did not have the chance to see Di Hao Tian.

When would it end like this? Tang Ru Yi didn't have that kind of patience.

Most importantly, she was afraid that Di Hao Tian would be dominated by Tang Bao for too long, hence she was jealous to the point that she couldn't wait any longer.

Thus, one day, she was waiting outside Tang Bao's school in order to see if Tang Bao had dated or not. If they were still together, it meant that Tang Qi Shan really did not mention him to Di Hao Tian.

When Tang Bao was about to leave, Tang Ru Yi followed him from behind.

## C42 Private territory

Tang Bao took a taxi immediately.

Tang Ru Yi got into a taxi and followed behind them.

The car skidded as they drove.

The driver reminded him, "Do you want to continue driving?"

"What's wrong?" Tang Ru Yi asked, puzzled.

"The private areas of the rich are just in front of us, we can't get in."

"I don't believe you can just follow the car in front of you. The money won't be missing yours."

The driver, for the sake of money, followed him.

When he turned into a street, he was immediately stopped.

The taxi in front drove in.

The chauffeur nodded to the fierce-looking man in black and said that he had taken the wrong road, then he drove the car back.

After driving for a short while, Tang Ru Yi requested to get off.

Standing next to the car, he wanted to look into the distance, but he couldn't see anything, so he got in the car again.

"I said you can't come. This is a private area, there's a castle inside! " The driver had an exaggerated expression.

"A castle?"

"That's right. We are quite familiar with driving because we have to know where we can go and where we can't go. "

Tang Ru Yi returned to his room absentmindedly. He even forgot to close the door.

"My precious daughter, what's going on? What happened? " Zhou Xiang Ting walked into the room, sat down beside Tang Ru Yi and asked.

"Did father not mention anything about me to Di Hao Tian? Why is there no progress? " Tang Ru Yi was extremely depressed.

"That's after all, Di Hao Tian, he's no stranger. We still have to find the right time."

"Mom, do you think I don't know? I saw it at dinner these days. When he talked about Tang Bao, her face was immediately filled with worry, and she didn't care about how I felt at all. I suspect that when he found out that Tang Bao and Tang Bao were related, he wanted his daughter to marry Di Hao Tian. That's his own daughter, I'm not! " Tang Ru Yi said angrily and wrongly.

"Alright, alright. If it really was like that, then it would be alright. After all, it was only natural for her to be his own daughter. Besides, you don't have to go through him to get what you want. "

"Then how did I meet Di Hao Tian? All around Di Hao Tian are the subordinates of the bodyguards, I was beaten to death before I could even get close to Di Hao Tian. " Tang Ru Yi frowned and said with annoyance.

"You can achieve your goal through Tang Bao."

"What do you mean?"

"There are many opportunities to get closer to Di Hao Tian on good terms with him. He is even more reliable than your father."

Tang Ru Yi suddenly understood what Zhou Xiang Ting meant and was a little dissatisfied: "This is a good opportunity, but I don't want to make any good friends with Tang Bao at all. I don't even want to hear her name at dinner. "

"In order to achieve this goal, it doesn't matter if I have to sacrifice myself from time to time. By the time you snatch Di Hao Tian over, isn't dealing with Tang Bao like stepping on an ant? "

Tang Ru Yi thought that it was true.

When that time comes, she would have everything when she married Di Hao Tian.

Tang Bao was nothing in her eyes.

The last laugh was the most important thing.

Tang Ru Yi thought of something and told Zhou Xiang Ting everything about following him around during the day.

Zhou Xiang Ting asked curiously: "A castle?"

"That's right. The driver said so. After Tang Bao went in, he still hasn't come out. "

Zhou Xiang Ting's expression changed, "Only Di Hao Tian has a castle in the imperial city, and you saw her enter it with your own eyes?"

"Yes, I've been staring at the castle she went to for days ... " Mother, don't tell me that Tang Bao is already living with Di Hao Tian? " Tang Ru Yi slowly stood up, she was extremely excited. She's too shameless! "

Zhou Xiang Ting immediately comforted her daughter: "Don't be agitated. The moment you get excited, it'll be bad. Don't forget what your mom told you just now. "

Tang Ru Yi looked at the encouraging eyes that Zhou Xiang Ting had given her, and then repressed his tears.

In his heart, he wanted to get what he wanted even more.

As Tang Bao sat in the classroom, she put a bag of fruits on her table and thought it was Wan Mi Lai.

Because only Wan Mi Lai would buy food for her.

However, when she looked up, her hand trembled in shock. The game had ended.

Last time, he had thrown sand onto her and Wan Mi Lai's bodies. This time, his aim wasn't good enough, so why did the fruits fall onto the table?

Seeing Tang Ru Yi seated himself elegantly on the seat beside her, he asked: "What do you want?"

"I apologize for what happened."

"Which one are you talking about?"

"I know, it was my bad temper in the past. I was always against you and even robbed your things. I hope you won't be angry with me."

Originally, Tang Bao's body was on the table behind him, but after hearing Tang Ru Yi say that, she could not help but lean forward, stared at Tang Ru Yi, and asked: "You are Tang Ru Yi right? Your soul transmigrated? "

"I know you don't believe me, but I mean it. Also, you don't want to rest day and still live in school. Although dad didn't say it, he really missed you in his heart. So go back this week. "When you get back, you'll know if my apology is sincere or not." With that, Tang Ru Yi stood up once again and turned to leave the classroom.

He passed by Wan Mi Lai who had just entered.

Ask Tang Bao who was still in a daze: "What situation? You're not being bullied, are you? "

Tang Bao pouted towards Fruit on the table and said, "She's here to apologize. Forgive her for her previous heinous actions."

"Has she gone crazy?"

"You see, even you don't believe it, so what about me?" Tang Bao spread out her small hands, feeling very helpless.

"This fruit reminds me of a story."

"What?"

"The poisonous apple of Snow White's stepmother." Wan Mi Lai

immediately smiled, "Don't worry, your Young Master Di can take ten men at once."

"Are you praising him?" Tang Bao asked calmly.

Wan Mi Lai scurried over and asked, "Your Young Master Di must be very powerful, right?"

Tang Bao was a little uncomfortable in her heart. "Who said that?"

"Look at that well-built body, as well as the pants he wore. They were cut to fit his body, but they happened to be the super drum in the middle. Did you not notice?"

A stream of hot air sprung out from Tang Bao's face, increasing the distance between them, "Where are you not looking over there?"

"You can't blame me for that. It's that obvious." Wan Mi Lai expressed his innocence.

Tang Bao had her back facing Wan Mi Lai and she really didn't want to talk about Di Hao Tian and Di Hao Tian's perverted nature. The main thing was that she and Di Hao Tian didn't have anything.

She was still a virgin.

In fact, Wan Mi Lai was right.

Di Hao Tian's place really did look like a cannon. She had 'fortunately' seen it once, which resulted in her having nightmares.

As a twenty year old girl, this stimulation was already very fierce.

Besides, they really had to do something.

Once three months had passed, if she still did not let Di Hao Tian give up on her, then wouldn't she die under the cannon?

Thinking of this, Tang Bao fearfully tightened her thin and white legs.

Thursday night.

Tang Bao was a little agitated from doing her homework, the pen nimbly moved between her fingers.

Because tomorrow was already Friday, what if Tang Qi Shan didn't come back to Tang Family and called him again?

Very annoying.

Since she had something on her mind, she sent her pen flying as well.

He rolled under the sofa.

Tang Bao wanted to go crazy.

Was he even going against her with a pen?

Tang Bao had no choice but to crawl on the ground, looking for something with her pair of small hands under the sofa.

The hygiene was so clean that there was not even a speck of dust in his hand.

The top half of Tang Bao's shirt was around her waist while the bottom half

of her skirt was pink.

She was almost gone by the time she laid down.

She was facing the door, her body unsteady from the search.

When Di Hao Tian came in, she had seen Tang Bao's extremely attractive posture, as if she was deliberately waiting for him.

Di Hao Tian narrowed her sharp black eyes dangerously. Being stimulated to the extreme, the expression in her eyes darkened by several levels.

However, Tang Bao, who had placed all her attention on finding the brush, did not notice that the danger of a wild beast was approaching him step by step.

Until the big hand rested on her body and pulled back.

All of a sudden, the cold air stuck to his body, completely exposing itself. Shocked, she crawled forward, one hand flustered as she straightened her clothes.

The moment he turned his head around, he saw Di Hao Tian who had stood up.

"Pink skirt, very pretty."

Tang Bao's face was stunned for a moment, then immediately flushed red.

Is this person a pervert!?

Di Hao Tian stared at Tang Bao's bright red face with a pair of domineering eyes, staring straight at her.

"You ... What are you looking at? " Tang Bao's ears were already red, she wished she could find a hole to hide in. Really, why is he always like this.

"I see you? This is what you do. "

"What did I do? I'm looking for a pen! " Tang Bao was extremely innocent.

What did he mean by her taking the initiative to attract him?

How could he say that?

Di Hao Tian walked in front of the sofa and used one hand to hold onto the edge of the sofa, then immediately lifted it up.

Tang Bao watched in astonishment.

Di Hao Tian actually lifted the sofa up with one hand. It was steady, so easy, and not even the slightest amount of force could be felt.

It was as if he were holding up a piece of cotton instead of a sofa.

His arm, which was wrapped in a black shirt, was filled with endless power. It was a very terrifying strength.

Tang Bao's brush was lying under the sofa quietly.

She hurried over to take it out.

Di Hao Tian then placed the sofa down.

Tang Bao stood up, without saying a word, she sat in front of the table and started to fiddle with her homework.

The pen in his hand was trembling slightly.

Why did Di Hao Tian come to her room?

Why aren't you leaving?

She was truly unlucky to have met Di Hao Tian, the Demon King of Confusion.

She also said that she wouldn't get closer to Di Hao Tian.

Yes, it did not happen, but he had seen everything that he should have seen! He was just missing the point!

"You don't know how to do it? Do you want me to help you?" Di Hao Tian stood beside Tang Bao.

It was just like when a teacher was teaching in junior high but was unable to ignore the pressure on his body.

It was as if Mount Tai was pressing down on her, causing her breathing to become unstable.

Tang Bao looked up slightly. Facing Di Hao Tian's imposing face, she asked with a doubtful tone: "You do?"

Just as he finished asking, Di Hao Tian dragged a stool to sit, brought Tang Bao's homework in front of him, and pulled out the pen in Tang Bao's hand.

He was helping her with her homework.

Tang Bao was skeptical at first, but then she realised Di Hao Tian had really solved the difficult problem.

This person was almost thirty years old. He had been away from school for several years.

He could actually still do it.

What kind of brain was this?

Tang Bao peeked at Di Hao Tian's face when she was focused on the question, no matter which angle it was pointed at, it was as cold and hard as a sculpture.

It was as if he were only facing the questions with an indifferent expression.

Tang Bao remembered that when she was in high school, there was a guy who helped her do her homework.

Tang Bao was so happy, but not long after, that guy transferred to another school.

No one ever did her homework again.

He never thought that the second person would be Di Hao Tian.

It was rumored that no matter if it was the people who heard of Di Hao Tian or the people he got along with a while ago, all of them felt that he deserved his name.

And now, he felt that Di Hao Tian might still have some advantages ...

Tang Bao watched in a daze. When Di Hao Tian suddenly opened his eyes and looked at her, Tang Bao finally snapped out of his daze and gave him a dry smile.

Tang Bao who was caught peeping felt her heart beating faster and her face

burning.

Di Hao Tian's seemingly endless black eyes seemed to drown her entire person into nothingness, charming yet arrogant. This kind of strange and throbbing feeling.

Tang Bao exhaled a few times. When she thought about what happened tomorrow, she felt that the atmosphere at the moment was not bad and asked, "Di Hao Tian, can I go home tomorrow?"

"You want to go back?" Di Hao Tian's low voice seemed to be unintentional.

"Yes." I don't go back every week, and my father must suspect it. "

"Didn't you go back last week?" Di Hao Tian said as a matter of fact.

"I only stayed the night last week, and I ran away sneakily in the morning. A few days ago, my father went to the school to look for me. I think he must have suspected something. " Suspect I'm having an affair with you.

Di Hao Tian did not say a word, and wrote on the paper with his brush.

That vigorous and powerful calligraphy style was extremely domineering.

"Let me go back? I only go back once a week anyway, and I live in the castle every day. " Tang Bao felt that this request was not too excessive.

However —

"No." Di Hao Tian threw out these two words with an aura that could not be defied and had no room for negotiation.

Tang Bao was so angry that she wanted to smash a brick into his head.

Tang Bao sprawled on the table, her voice sounded like a lazy kitten as she begged, "Then, let's go back this week, is it okay?"

"No."

Di Hao Tian was really going too far.

Dictatorship and power.

Even if Tang Bao was grinding her teeth, it would be useless.

Di Hao Tian put down the pen, and when the sharp eyes of the hawk landed on Tang Bao's face who was lying on the table, they became gloomy, and like a deep pond, ripples appeared.

Tang Bao had originally watched as Di Hao Tian did her homework for her, then she very embarrassedly fell asleep.

Her small mouth was slightly open, and she was breathing lightly, as if a gentle breeze was blowing. There was even a hint of fragrance to her breathing.

Her pink lips reminded Di Hao Tian of the powder on her clothes.

It was still moist.

Di Hao Tian's black eyes became even darker, and the sharpness that he felt since birth seemed to have become even sharper, as his breathing became heavier.

He stuck his bony fingers into the little clenched hand, and the softness of his little hand wrapped itself around his rough fingers, and the softness seeped into his blood, into his life.

In that instant, the feeling of being touched by the velvet made Di Hao Tian's breathing become heavier, as if he was suffering from an extremely great attraction.

Di Hao Tian's finger drew on the soft little hand, grabbing it tightly.

### **C44 Young Master Di didn't ask you out?**

Half of Tang Bao's face was originally resting on the table, and her posture was a little wrong. With the disturbance from Di Hao Tian's middle finger, saliva was easily flowing out of the corner of her mouth.

Di Hao Tian's tiger body trembled, his eagle-like eyes turned scarlet red, and his breathing became as heavy as friction gliding across it.

"Mm ..." Maybe the air was moving too intensely, making even the sleeping Tang Bao feel uneasy.

Trying to wake up.

Then, he felt something in his mouth and closed his mouth to take a deep breath.

The eyes that were staring at Tang Bao wanted to tear her apart and swallow her alive.

"AHH!" Tang Bao opened her eyes and saw what she was eating from her mouth. She was so shocked that she dropped from her chair.

He plopped his butt on the ground.

Even if there was a soft carpet on the ground, it wouldn't be able to withstand

that dull pain.

But no matter how painful it was, he was shocked by the panic brought by Di Hao Tian.

Tang Bao opened his mouth wide in shock, as if an egg could fit inside it.

Then he quickly looked away.

Will she die? It was too scary.

Hearing the sound of the door closing, Tang Bao raised her head.

Breathing made his chest rise and fall continuously.

This was no different from waking up from a nightmare.

That's not right.

Just what had happened for Di Hao Tian to have such a fearsome reaction?

She didn't do anything?

Tang Bao once again thought of stuffing her fingers into her mouth, and his face instantly alternated between black and red. Especially when she saw that there was still a puddle of water on the table, her face looked even better.

Di Hao Tian is a monster!

Big monster!

He couldn't relax in front of him for even a second, or else he wouldn't even know how he would be eaten!

Fortunately, she had three months to live.

No, she had to finish this quickly.

Since the class had already ended, Tang Bao stayed behind in the classroom and did not leave.

She was homeless, but she lived in too many residences. The back of her hand was full of thorns, and they were stabbing her in the liver.

"Why aren't you leaving? "You can't bear to part from me?" Wan Mi Lai asked with a smile.

"Well, I think my family will find out one day." Tang Bao sighed and shook his head.

"You mean about marrying the Young Master Di?"

Tang Bao nodded.

"Do you even need to 'feel'? You're getting married, it's going to be a big matter, how can you hide it? I can't hide it from you for a while. "

"As long as I work hard to make Di Hao Tian give up on me within these three months, even if it's' moving away love 'he'll be fine!"

"Young Master Di, after he married you, did he have any women around him that were not right? "It's good to have a sprout."

"How would I know?" All I know is that there are women around me who like him. "

"Who is it?"

"Tang Ru Yi. But how should I let Tang Ru Yi be together with him? " Tang Bao caressed her beautiful lower jaw as she thought and calculated.

When Tang Bao returned to the castle, she found that Di Hao Tian was not there.

Just as he entered, his phone rang.

Although it was not preserved, but that one look was enough to tell that it was Di Hao Tian.

He hesitated before answering, "Hello?"

"I'm not coming back for dinner tonight." Di Hao Tian said in his usual low voice.

"Oh ..."

After hanging up the phone, Tang Bao stood there in a daze.

If Di Hao Tian didn't come back to eat, then he didn't come back to eat. Why did he call her?

It was like a husband calling his wife.

Such a detail immediately made Tang Bao's face flush red.

Gu Lin Shen sat in the private room and was silent. He did not do anything but seemed to be thinking about something that he couldn't figure out.

The door to the room was pushed open. He raised his eyes and glanced at the tall figure that entered.

When Di Hao Tian took his seat, Gu Lin Shen opened his mouth and faintly said: "What, you don't need to go home to eat and report back?"

Di Hao Tian did not speak. He took out a cigarette and lit it up, and with a

click, he threw the expensive lighter to the side.

Her thin lips held the cigarette as she took two deep breaths. White smoke curled out of the cigarette, giving off a manly yet mature and sexy feel, carrying along with it an unbridled laziness.

"When are you going back to the Middle East?" Between his coarse and clear fingers, Di Hao Tian asked lightly.

"There's no rush for business over there after the deadline." Gu Lin Shen said. Seeing Di Hao Tian's indifferent expression, she asked, "You didn't even send me an invitation to get married, is that not justified?"

"Didn't I tell you?" Di Hao Tian said casually.

"Right, you only mentioned it to me after you're done. I would like to ask, why did you marry her?"

Di Hao Tian squinted his eyes and said: "No comment."

"..."

Tang Bao was on her bed playing with her phone. After playing a round, she looked at the time and saw that it was 11 PM.

He yawned.

He stood up and prepared to wash up and sleep.

But as she passed the door she heard footsteps.

Di Hao Tian just came back?

Tang Bao opened the door a little, which just happened to be big enough for her head.

Just as he reached out, he saw Di Hao Tian's tall figure walking up the stairs. Looking at her pair of deep and sharp black eyes, he asked, "You just came back?"

"What time is it?" Di Hao Tian frowned.

This person was really strange. Just who would come home so late at night?

"Next time, let me know you haven't slept since ten, then come and sleep with me." Di Hao Tian ordered as a matter of course.

The word "sleep" made Tang Bao twitch the corner of her mouth, and she shut the door.

The next day was a rest day, and Tang Bao slept like hell.

Before waking up, he nudged the bed before slowly opening his eyes.

He reached for his phone on the bedside table. It was ten o'clock and there were two missed calls.

Tang Bao had a habit: Under the premise of rest on the second day, she liked to keep her phone silent before going to bed.

Hence, she did not know that the two phone calls were actually from Tang Ru Yi.

Tang Bao looked at it for a moment, then unmuted the sound and threw the

phone to the side.

However, just as he was about to go to the bathroom to wash up, his cell phone rang.

Turning his head, it was still Tang Ru Yi.

Answer: "What is it?"

"Why haven't you come back yet? Didn't they say that she came back on the day of rest? " Tang Ru Yi's gentle and lovable voice came out.

Tang Bao thought, she was in such a hurry, why didn't she make a call last night?

Of course, Tang Bao did not want to expose Tang Ru Yi, because she also wanted to taste the feeling of being an actor.

"I happen to have something on, so I won't go back. I don't want to go back and forth from school, sorry for the trouble."

"Fine." Tang Ru Yi paused for a while, before asking again, "What are you planning to do today? You won't stay in the dorm forever, will you? "

"I haven't decided what to do yet."

"Young Master Di didn't ask you out? He should have asked you out today no matter what. "

"It's an appointment. It's not time yet." Tang Bao lied so much that her face didn't redden at all.

## C45 Invite him to dinner

He thought to himself, how did you know that Di Hao Tian and I were so close? She had denied it the last time.

However, seeing her in Di Hao Tian's car, Tang Ru Yi did not believe her words.

"That ..." Tang Ru Yi stammered.

"What's wrong?" Tang Bao wandered into the bathroom and played with her already smooth hair in the mirror.

He didn't show it because he was sleeping.

"If Young Master Di requests your presence, can you bring me there?"

Tang Bao remained silent. So this is your goal?

Just as Tang Ru Yi wanted to explain, Tang Bao readily agreed. "Sure. I'll send you the address when we find out where we can eat."

"Alright!"

After Tang Bao finished washing up, she entered the cloakroom. When she was searching for clothes, he realized that there seemed to be quite a few new clothes, and even shoes and accessories.

She didn't notice yesterday because she didn't need to get dressed last night.

Naturally, he wouldn't discover it.

This Di Hao Tian was really terrifying, but Tang Bao didn't dare to not wear it.

He found a casual dress and put it on. White shoes covered his feet and it was filled with the beauty of youth.

When he went downstairs, he saw Di Hao Tian, who was sitting on the sofa in the hall, watching television.

The live broadcast of the boxing competition was playing on television. The impact of each punch felt like the muscles in his body were about to explode.

Wild and insolent.

Tang Bao thought of Di Hao Tian's figure. She was fortunate enough to see her exposed muscles twice, it was more or less the same as on TV.

It was full of explosive power.

The scene on the television turned dark.

Tang Bao regained her senses, and looked at Di Hao Tian who had a cold and gloomy gaze, and asked: "Why aren't you watching anymore?"

"If you want to see it that much, I can show it to you right now. Not only can you see it, you can also touch it. Do you want it?" Di Hao Tian asked viciously.

Tang Bao was baffled.

Di Hao Tian was too unpredictable.

In the end, she didn't turn on the TV.

Tang Bao really wanted to turn and leave.

Just thinking about the conversation he had with Tang Ru Yi just now, the gloomy look on his face immediately turned into a flower, moving to Di Hao Tian's side.

"Di Hao Tian, let me ask you, have you dated a girl before?"

"If you want to ask me out, that's fine."

Tang Bao was overjoyed: "I asked you out!"

"I'll think about it." Di Hao Tian's black eyes congealed onto her lively expression and he couldn't help but slightly narrow his eyes.

"What are you thinking about? You said you could! Shall we go out for lunch today? "My treat!" Tang Bao was prepared to place the post upside down for that purpose.

His two hands excitedly grabbed at Di Hao Tian's hands, afraid that he would be unhappy.

It was the first time a girl treated Di Hao Tian, whose wealth was enough to fill the ocean, to someone who could summon the wind and rain. This kind of feeling was very fresh, very interesting, and it seemed even more like a girl's cuteness.

When Tang Bao looked straight at him, Tang Bao realised that she was holding onto Di Hao Tian's hand, her small hand had fallen into his big hand.

Her face turned red, and she was so frightened that she immediately tried to withdraw her hand.

Di Hao Tian's large hands suddenly tightened around his own, and his little hands that were trying to escape clenched into rough palms.

No matter what, he couldn't escape.

Tang Bao tried twice to not pull it back, but her small face was burning red.

"Let go!" The more he struggled, the stronger the strength of his hands became.

But Di Hao Tian didn't even bat an eyelid, as if he wasn't using any power at all.

Tang Bao felt like all five of her fingers had been pinched together. With Di Hao Tian's immense strength, she believed that she could break all five of his fingers.

Di Hao Tian used a bit of force on his arm, causing it to stick to his strong arm.

Just as Tang Bao was about to struggle, Di Hao Tian locked onto her flustered little face and said softly: "I can keep my promise, but, depending on your performance."

"What kind of performance?" Tang Bao forgot her struggle and looked back in confusion. When she thought about the 'performance' that Di Hao Tian might want, her face immediately turned anxious, "You said you would give me three months time to prepare."

"If I really wanted to do this to you, you would definitely not have the chance to say it." Di Hao Tian said in a domineering and aggressive manner.

"Then... "Then how do you want to perform?"

"Call me husband to listen."

"..." "Tang Bao's face immediately turned as red as the sunset. That heat rushed from her face to her head in an instant, making him feel extremely uncomfortable. Can you not scream? "

"Sure." Di Hao Tian was very easy to talk to.

Tang Bao was so happy that her eyes shone.

"Then there's no need to keep our appointment."

Tang Bao silently cursed, what was there to talk about?

"Why don't I change the name?" Tang Bao felt that the word "husband" was sacred and inviolable.

By calling out to her, it meant that she had acknowledged Di Hao Tian.

She had never wanted to marry to Di Hao Tian.

"Let me hear if you're satisfied." Di Hao Tian pinched her lower jaw that was shaking uncontrollably, forcing her to act tyrannically.

Tang Bao bit her pink lips, leaving a trail of water when she let go. She then said with a red face, "My darling."

When the word "heart" came out of Tang Bao's mouth, it was so soft that it made Di Hao Tian's heart tremble.

Tang Bao's heart was beating erratically, she took the opportunity to flee while rolling and crawling.

Di Hao Tian's finger fell on the air, and there was still a sense of touch from it. With two of his fingers pressed together, he caressed it, it seemed to be fun. A low and forceful voice sounded out, "I'll let you off for now."

On the car outside, Tang Bao asked: "What do you want to eat?"

"Look at you."

"Fine, I'll treat you to a big meal!" Tang Bao clenched his teeth.

Although Tang Qi Shan didn't really care about her, the living expenses were still given out by Yue Guang.

Therefore, a big meal was still worth a lot of money.

The so called great meal was still different from the occasion where Di Hao Tian was in and out.

Tang Bao chose a restaurant with a better environment and considered to be of a slightly better quality.

Otherwise, according to Di Hao Tian's identity, she would be bankrupt if she invited him to a meal.

After Tang Bao got off the car, she had a feeling of nobility.

Could he not? Behind him were the bodyguards. That battle, that momentum, it couldn't be violated.

He found a private room, and just as he sat down, Tang Bao was about to go to the toilet.

Di Hao Tian did not say anything and just sat down. With his tall and slender figure and long legs, no matter where he put them, he would remain aloof and aloof.

It did not lose any of its dominance.

Tang Bao entered the bathroom, took out her phone and gave Tang Ru Yi the address of the place to eat.

Tang Ru Yi who was at home immediately carried his small bag with him. He hated the fact that the heavens were high, so he bid farewell to his family and got into the driver's seat.

If Tang Ru Yi walked into the private room on his own, he would definitely be beaten to death by Di Hao Tian's bodyguards.

Furthermore, he would inform the details to Tang Ru Yi, who would follow suit.

Separated by the screen, Tang Bao could feel Tang Ru Yi's excitement.

Tang Bao didn't want to stay in the private room with Di Hao Tian, so she squatted on the toilet and played with her phone.

In any case, he could wait for more than half an hour.
